ABOUT THE COMPANY

Ost Sped Sp. z o.o. provides **groupage transportation services in Europe using distribution networks of Polski System Dystrybucji (PSD)** (Polish Distribution System) and **ONLINE Systemlogistik**.

As the PSD founder and shareholder, Ost Sped Sp. z o.o. **uses its own and partners' cross-dock terminals across the Poland**. As a result it provides LTL transport services while optimizing both costs and delivery times.

The "door to door" service guarantees delivery within 24-48 hours in the whole country. On the other hand, by specializing in ADR class 2-9 transport and long haulage up to 6.2 m, Ost Sped Sp. z o.o. **is one of the most comprehensive LTL carriers in Poland**.

In Europe the LTL transport is provided through **membership in ONLINE Systemlogistik** and a network of partner branches. Competitive delivery times are offered by Ost Sped Sp. z o.o. owing to daily LTL connections with a German central hub in Schlitz which is used to distribute cargo to various destinations in Europe.

All of the services are monitored by a **team of qualified specialists** who offer support and information at any stage of cooperation.

MISSION AND EXPERIENCE

The mission of Ost Sped Sp. z o.o. **is to provide simple and effective solutions** based on partnership relations at all stage of cooperation with the Customer.

Experience gained over **30 years in the service market** makes Ost Sped Sp. z o.o. a **stable and reliable contractor** that is proud of having one of the largest Polish private capitals and a well-established position in the market of distribution, forwarding and logistics.

As a result of its dynamic development, the company has at its **disposal state-of-the-art logistic centres** in Poland and Germany. It is also a member of the Association of International Road Transport Carriers in Poland.
